MEMORANDUM FOR: Miss [REDACTED]  
Medical Office

STATINTL

SUBJECT : Commendation

1. I have learned recently that you volunteered your assistance to a member of this organization whose serious illness required special nursing attention. Your generous service was all the more noteworthy because the illness was of a communicable nature and required sustained care.

2. I commend you for such an outstanding demonstration of willingness to forego personal convenience where the welfare of another person was at stake. Your voluntary help reflects very creditably upon you and, as well, upon the Medical Office.

SIGNED

ALLEN W. DULLES
